Attorneys for Applicant Midvale Telephone Exchange, Inc,

BEFORE THE ARIZONA CORPORATION COMMISSION

IN THE MATTER OF THE)	APPLICATION OF MIDVALE
APPLICATION OF MIDVALE)	TELEPHONE EXCHANGE, INC.
TELEPHONE EXCHANGE, INC.)	
FOR AN AMENDMENT TO ITS)	
CERTIFICATE OF PUBLIC)	
<u>CONVENIENCE AND NECESSITY)</u>)	

Midvale Telephone Exchange, Inc. ("Midvale"), through its counsel of record, hereby
 files this Application with the Arizona Corporation Commission ("Commission") for an
 amendment to Midvale's Certificate of Public Convenience and Necessity. In support whereof,
 Midvale states as follows:

I.

Midvale's principal business office is located at the following address:

Midvale Telephone Exchange, Inc.
 P.O. Box 7
 Midvale, ID 83645

II.

The following is a list of Midvale's officers and directors:

Officers

Lane R. Williams	President
Mary G. Williams	Secretary

Directors

Lane R. Williams
Mary G. Williams
Shirley Archer

III.

Midvale currently provides certificated telephone service to a number of communities in Arizona, and is in the process of providing service to the Millsite exchange.

IV.

Midvale requests Commission authorization to provide facilities-based, basic local exchange service and toll access telephone service to currently unserved residential developments known as Crossroads Ranch, Poquito Valley and Breezy Pine. All three communities are located near Midvale's Millsite exchange and Midvale intends to incorporate them in the Millsite exchange. Midvale has received petitions for service from the Crossroad Ranch Property Owners Association and individual residents in the affected areas. After conducting engineering and other studies, Midvale is satisfied it can economically and efficiently extend service to the three areas.

V.

Maps and legal descriptions of the proposed additions to the Millsite exchange are attached hereto as Exhibit A.

VI.

Midvale will provide the new customers with modern telecommunications services using state of the art equipment. Services to be provided include basic local exchange service, touch-tone service, high speed data services, access to toll services, access to emergency services (911), and Lifeline and Link-Up services for low income residents. Midvale's proposed telephone plant will include copper cable loops designed for broadband circuits, fiber optic cable transport facilities, next generation digital loop carrier, and modern digital switching. Midvale will construct the telephone plant in accordance with standards established by the federal Rural Utilities Services (formerly REA).

VII.

Midvale's tariff establishing rates and charges for the Millsite exchange is on file with the Commission, and Midvale does not anticipate any changes to its tariffs as a result of this application.

VIII.

Midvale asserts that the public interest, convenience and necessity require that Midvale be authorized to serve the additional area as requested herein.

IX.

Midvale will provide notice of this Application as may be required by Commission order.

X.

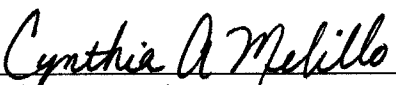

Midvale requests that all correspondence, pleadings or requests for information be directed to the following persons:
